FACKENTHAL AGAIN CHOSEN AS HEAD OF COUNTY HISTORIANS

Re-elected at 52nd Annual
Meeting Held Saturday at
Doylestown

JUDGE BOYER VICE-PRES.

Volume Seven of Historical
Papers Published During
The Year

DOYLESTOWN, May 8.—In session Saturday the Board of Directors of the Bucks County Historical Society at the fifty-second annual meeting, re-elected Dr. B. F. Fackenthal, Jr., of Riegelsville, as president of the Society.

Other officers elected by the Board include: First vice-president, Judge Calvin S. Boyer, Doylestown; second vice-president, John H. Ruckman, Mechanics Valley; curator, Horace M. Mann, Doylestown; librarian, Warren S. Ely; secretary and treasurer, Horace M. Mann.

Judge Boyer was elected vice-president to fill the vacancy left by the death of Colonel Henry D. Paxson, of Buckingham.

Three directors were elected by the members at large. They include Judge Boyer, succeeding the late Colonel Paxson; Edward R. Barnsley, of Newtown, succeeding his father who served in that capacity for many years; and Mrs. Harry J. Shoemaker, of Doylestown, who was re-elected.

The only two past presidents of the society are the late General W. W. H. Davis, who served from 1886 to 1910, and the late Dr. Henry C. Mercer, who served from 1911 to 1930.

Various reports were submitted by officers at the morning's session. At the afternoon three interesting papers were submitted. They included: "Charles Kirk's Review of a Century," by Helen E. D. Acton, of Elkins Park; "History of China's Retreat," Edward R. Barnsley, Newtown; and "Milling and Mill Wrighting as Practiced a Century Ago in Pennsylvania," illustrated lecture by Henry S. Engart, Lebanon.

Secretary Mann's annual report shows the Society suffered a net loss of only 21 members during the past year, which is considered a fine showing in the face of an economic depression. The enrollment at the beginning of the year was 455 and thirteen new members were elected during the year. Fifteen members died during the year and there were twelve resignations. Seven were dropped from the rolls because of unpaid dues for five years, making the total present membership 434.

The deceased members of the past year are as follows: J. Herman Barnsley, Newtown; Lewis R. Bond, Morrisville; Miss Mary S. Burroughs, Philadelphia; I. Buckman Garges, Doylestown; Miss Sarah Gilbert, Philadelphia; Lucius W. Godfrey, San Diego, Cal.; Mrs. Mary H. Heaton, Doylestown; Mrs. Robert T. Mickle, Germantown; Colonel Henry D. Paxson, Holicon; Harold Pierce, Philadelphia; Dr. Howard Pursell, Bristol; Hugh F. Purdy, Riegelsville; Mrs. Clara H. Scarborough, Philadelphia; Mrs. Richard Watson, Doylestown; Jacob M. Winder, Bristol.

Secretary Mann reported that the Society during the year published Volume Seven of the papers read before the Bucks County Historical Society and gave or mailed a copy to each member of the Society in good standing. Two meetings were held during the past year.

As curator, Mr. Mann gave an interesting report. He told of various improvements to the picturesque property and buildings of the Historical Society.

"Dr. Henry C. Mercer had made such an extensive and complete collection for the museum that few specimens appear that we want," Mr. Mann reported. "Among some of the additions presented were several iron moulders' tools presented by Joseph E. Sanford, Brooklyn; a chess basket and a chess rack presented by E. Caroline Robert, Warrington; a carpet bag by Mrs. Charles E. Saumman, Horsham; a lard lamp by George Hart, Doylestown; a collection of china from the estate of Emma Hampton; a castrating knife, by M. L. Blumenthal, Elkins Park; and a currier's steel by Joseph Kippax, Roxborough.

Curator Mann reported the following specimens purchased by the endowment fund: Twelve cannon balls found in a culm bank at or near the site of Durham Furnace; a single ox yoke and harness; a tin peck measure; a tin dinner horn; a blacksmith whip; an old type locomotive headlight; an invalid wheel chair; a wrought iron candle stand and a German music box.

During the past year there were 7,934 visitors registered at the Museum.

Librarian Warren S. Ely reported that during the year 159 volumes were added to the library, seventy-three by purchase and seventy-two by presentation. A vast number of manuscripts, views, charts, pictures, and other objects of interest have been added to the collection.

Some of the interesting additions include tombstone inscriptions from

MOVE COUNTY OFFICES INTO NEW QUARTERS

Removal of Some Took Place
Over the Week-End and
Others Today

TO RELIEVE CONGESTION

DOYLESTOWN, May 8.—A number of the county offices are now housed in the new Bucks County Administration Building—once the Doylestown National Bank and Trust Company building. Quarters were moved from the Bucks County Court House building where the congestion had become too great over the week-end.

Renovation and an entire rebuilding of the interior of the former bank building on Monument Square has been completed. It is now one of the most modern administrative layouts that any county in the State of Pennsylvania possesses. The building was particularly adapted to conversion into the type for which it will be used in the future.

The offices of the County Treasurer and the Bucks County Commissioners were moved over the week-end from their present headquarters in the Court House to the new building. The offices of the Treasurer will be located on the right side of the first floor of the Administration while the County Commissioners will occupy the left side of the first floor, with a private board room in the rear.

Today county offices now located in the Keller Building on East Court street will be moved into the new building. They include the offices of the County Superintendent of Schools, the Bucks County Agricultural Extension Society (Farm Bureau) office of Dr. C. W. Many, Bucks County Medical Director, and the office of Miss Gertrude L. Bright, Bucks county probation officer, and Antonio Russo, also a probation officer and county detective.

All of the offices to be moved from the Keller Building will be located on the second floor of the Administration Building, which was built entirely new in the reconstruction of the building.

Other changes and removals into the new quarters will take place from time to time as the plans of the County Commissioners are completed. The offices vacated in the Court House will eventually be rearranged so as to make more room for the offices remaining there, including the enlargement of Court Room No. 2 on the second floor.

The basement of the new Administration Building is equipped with rooms where the distribution of election ballots will be arranged. Modern sanitary facilities have been installed throughout the new building.

Body of W. G. Barring To Be Forwarded to Gouverneur

CROYDON, May 8.—At the late home of William G. Barring, 79, Washington avenue, here, funeral service will be held this evening at eight by members of the Masonic order. The body will be forwarded to Gouverneur, N. Y., tonight, at which town further service will occur in the Presbyterian Church tomorrow. Burial will be in Gouverneur.

Death for the one who had lived here nine years, occurred on Thursday. He is survived by his wife and six sons. Mr. Barring was a former resident of Philadelphia.

TO SPEAK HERE TONIGHT

Dr. Hugh T. Wrigley, prominent speaker, will address the Knights of Columbus, Bristol Council, tonight, at the K. of C. home. He will be accompanied by state deputy John R. P. McGill, and district deputy Raymond Farrell, Knights and their friends are invited.

TRENTON LAD, 15, IS KILLED WHILE ON A VISIT IN FALLS TWP.

Charles Greener Shot Accidentally in Left Eye While
Swinging From Tree

WAS ON DAY'S VISIT

Shot Came From Rifle Being
Cleaned by Wm. Smithen
Inside House

A 15-year-old Trenton lad was fatally shot, accidentally, yesterday afternoon while visiting on the farm of Theodore R. Palmer, Yardley Road, Falls Township. The gun was in the hands of William Smithen, 19, an employee of Palmer who also made his home there.

The lad, Charles Greener, 15, 223 Howell street, Trenton, N. J., was swinging from a tree about 30 feet away from the Palmer house inside which Smithen was standing in a second floor room cleaning a .22 pump rifle. The gun was accidentally discharged. The shot tore through a window and hit Greener in the left eye.

Greener was rushed to the Mercer Hospital, Trenton, N. J., by George Ricker, 1001 Hamilton avenue, Trenton, N. J., with whom the lad had gone to visit Palmer. Ricker and Palmer are brothers-in-law. The lad died a half hour after being admitted to the hospital.

State troopers Diehm and Dando, Morrisville, were called and investigated the case. Smithen was turned over to Bucks County Detective Anthony Russo, of Bristol, who technically arrested him on the charge of manslaughter. Smithen was detained at the Bristol police headquarters overnight and today was taken to Doylestown after a hearing before Justice Guy, who held him without bail to await the action of the coroner.

Smithen told the authorities that he was unaware that the rifle was loaded. Young Greener, son of Mr. and Mrs. John Greener, was a student in the seventh grade of Junior School No. 4. After school hours he was employed by George Ricker, baker, of 1001 Hamilton avenue.

As the Greener boy fell unconscious to the ground, Palmer rushed to his aid. The victim was placed in Ricker's automobile and taken to the hospital where he died at 5 o'clock. The bullet entered his brain.

Besides his parents, the Greener boy's survivors are: five brothers, John, 19; Stewart, 13; Horace, 5; Ralph, 3; and Billy, 2, and two sisters, Martha, 18, and Emma, 10.

SEVERAL ARE INJURED IN TWO AUTO CRASHES

One Crash Blamed On Driver
Who Fell Asleep At
Wheel

TWO SERIOUSLY HURT

SOUTH LANGHORNE, May 8.—Automobile accidents reported in this vicinity yesterday resulted in serious injuries to two persons, while four others were treated at hospitals for lesser hurts.

Five persons were injured, one seriously, yesterday afternoon in a head-on automobile collision on the Lincoln Highway two miles west of here when a driver is declared to have fallen asleep at the wheel of his car.

The worst injured is Mrs. William J. McCollum, of 565 Bridge Street, Philadelphia, who is in Frankford Hospital suffering from a fractured skull, lacerations of the face and knees, and shock. The other victims were treated at that hospital and released.

The driver of one of the cars, Fred A. Gaskins, of 125 Centre Avenue, Milton, Mass., told Highway Patrolman A. P. Diem that he fell asleep after driving all the way from Massachusetts without any rest. His car crashed into another operated by W. J. McCollum, a member of the Philadelphia bandit patrol, who was off duty.

Gaskins' wife, who is 65 years old, was hurled through the windshield and she received deep lacerations of the face and head and suffered from shock. Mrs. Helen M. Forbes, 81, also of Milton, was thrown to the floor of the car. She was treated for lacerations of the face and knees and shock. Gaskins also was cut about the face.

Mrs. Mary Garrett, of 2118 Bank street, Philadelphia, who was riding with the McCollums, received contusions of the legs. McCollum escaped injury as both cars were wrecked.

Lucian Levan, of 4044 Main street, Wissahickon, Pa., escaped injury early yesterday morning when his automobile crashed into a stone culvert near here. Levan told Corporal R. D. Evans, of the Highway Patrol, that he was blinded by the lights of an approaching car.

FIRE AT SUPERIOR PLANT

Consolidated Fire Department was called to the plant of Superior Zinc Company shortly before noon when a varnish vat caught fire. The blaze had been extinguished when the firemen arrived.

FOURTH WARD BOYS HONOR LEADER; LAY WREATH ON GRAVE

High Tribute Paid To the Late
Elmer Worthington On
Saturday

LED WARD TWO YEARS

Rev. Baird Delivers Brief Talk
On True Sportsmanship
and Honesty

The Fourth Ward boys paid a fine tribute Saturday afternoon when they marched through a downpour of rain to the grave of Elmer Worthington, who for two years was their leader in Boys' Week activities.

Proceeding without music the fourth ward lads marched from Hibernian Hall to St. Mark's Cemetery. At the head of the procession there was carried a handsome wreath of flowers. This was placed with loving hands upon the grave of one who wrote his name indelibly upon the hearts of those he led to victory two consecutive years.

Elmer Worthington in life was just a resident of the ward, but in death he rose to a place of the highest esteem in the hearts of those with whom he came in contact.

Worthington for two consecutive years—1931 and 1932, assumed the leadership of the Fourth Ward boys. He not only took the honors of being ward leader but he worked like a Trojan and his efforts met with great success. He inculcated ward pride and a desire to win into the minds and hearts of those lads, with the result that when they went upon the athletic field, they put forth all the effort of which they were capable, and they won.

Saturday afternoon the 150 lads dressed in white sailor suits, each wore a black band upon his arm. The trophies which the ward had won were carried behind the wreath, and the flags carried in the procession were at half-staff.

Reaching the grave of their deceased leader the boys grouped themselves about in a circle. William McElroy stepped forward and placed the wreath at the head of the grave.

The Rev. Father Baird stepped forward and addressing the assemblage spoke with feeling, taking as his topic, good sportsmanship, honest and clean living, the attributes which Worthington possessed and which so deeply impressed his life upon the community.

The group upon returning from the cemetery went to the high school to join in Boys' Week activities.

BREAK GROUND, CHURCH ADDITION, HULMEVILLE

Edwin W. Henry, Sr., Turns
Over First Shovel of Soil
At M. E. Property

SUNDAY SCHOOL ROOM

HULMEVILLE, May 8.—Official ground-breaking for the new Sunday School building on the property of the Neshaminy M. E. Church, here, occurred yesterday at 12 o'clock, noon, the first shovel of earth being turned over by Edwin W. Henry, Sr., president of the official board.

A brief service, conducted by the pastor, the Rev. T. William Smith, preceded the breaking of the ground, the ceremony taking place at the close of the regular morning church service.

After Mr. Henry, the following individuals each turned over a shovel of soil: Jesse C. Everitt, superintendent of the Sunday School, and chairman of the building committee of the official board; Samuel J. Illick, president of the board of trustees; Jesse G. Webster, treasurer of the church; Mrs. Edward Davis, president of the Ladies' Aid Society; Miss Marie Hanson, president of the Epworth League; Charles Haefner, and Christian Tomlinson, members of the building committee; Mrs. Helen Illick, one of the oldest members of the church; Frederick Smith, one of the youngest members; the Rev. Smith, pastor.

The ceremony was closed with the singing of "Praise God From Whom All Blessings Flow," by the entire assemblage.

Work will be started on the excavation for the new structure this week. The building of concrete block and frame construction will measure 34 by 36 feet, with a basement under the main room.

At the morning service yesterday, Jesse C. Everitt and Samuel J. Illick were elected delegates to the laymen's convention at Coatesville, which will take place within a few weeks. The alternates are Mr. and Mrs. Edwin W. Henry, Sr.

Newly-elected officers of the Epworth League were installed last evening by the pastor. These are: President, Miss Marie Hanson; first vice-president, Miss Helen Woolman; second vice-president, Miss Lorraine Winder; third vice, Miss Edna M. Schatt; fourth vice, Arthur McCarthy; treasurer, Miss Mary Thompson; secretary, Raymond Hibbs; Junior League superintendent, Miss Adeline E. Reetz.

Pinned In Car When It Strikes Pole; Jaw Fractured

Losing control of his automobile when the wheel struck a stone near Headley Manor, Saturday, John Fitzpatrick, Southampton, suffered painful injuries when the machine veered into a pole. Fitzpatrick was pinned in the vehicle, and was later released by passersby.

At Harriman Hospital, where the man is still a patient, he was treated for a deep ragged laceration of the lower lip, requiring a number of stitches; fracture of the jaw; contusions of the left shoulder, and of the left hip.

School Paper To Benefit By "Talkie" Tomorrow Night

Tomorrow night, at 7.30, in the high school auditorium, a talkie will be shown for the benefit of the school paper, "The Rambler." The title of the feature picture is "Me and My Gal," starring Joan Bennett and Spencer Tracy. A Mickey Mouse comedy and a Fox newsreel will be the added attractions.

The screen will be the regular size so that there will be no difficulty in seeing from any place in the auditorium.

The public is cordially invited to attend. Tickets may be obtained from any member of the Rambler staff or at the door.

TO MODIFY ANTI-TRUST LAWS

Washington, D. C., May 8.—Modification of the anti-trust laws was to be President Roosevelt's next demand on Congress in his drive to restore fair wages and normal working hours. The administration, it became apparent today, has decided that industry should be permitted to enter into agreements covering production and wage scales, barring only the creation of monopolies. A message probably will go forward to Capitol Hill this week asking for necessary legislation to ease existing restrictions.

\$1,000,000 BLAZE IN MAINE

Ellsworth, Maine, May 8.—Sweeping uncontrolled for seven hours before it finally was checked, fire of suspected incendiary origin today wiped out the business section of this city, jumped to the residential area, made 200 families homeless and did damage estimated at over \$1,000,000. At the height of the fire the water supply became exhausted and firemen from this city and scores of surrounding communities resorted to dynamite to check the conflagration.

OPPOSE ROOSEVELT

Washington, D. C., May 8.—The fate of eight great economic relief measures hung in the balance today while Democratic leaders sought to persuade President Roosevelt against asking Congress for power to slash the tariff and postpone foreign debt payments. The President, backed by Secretary of State Hull, was reported insisting on the adoption of a resolution by Congress, giving him power to negotiate reciprocal tariff slashing treaties and to grant another moratorium on the June 15th debt payment. The President was pictured as regarding these concessions necessary to insure the success of the London economic conference next month. A delegation of House and Senate Democrats planned to call on the President within the next few days to urge him against this course.

BOYS' WEEK CLIMAX SPOILED BY RAIN

Parade and Track and Field
Meet Cancelled Owing
To the Weather

COMMITTEE TO MEET

Rain halted the parade and athletic meet of Boys' Week, Saturday, for the first time since its innovation here five years ago, and these two big features of the day were called off by Robert C. Ruehl, chairman of the general committee.

The boys, totaling approximately 1400, assembled at Jefferson avenue and Radcliffe street, the designated place from which the parade was to start, and from this point proceeded to the high school auditorium.

Assembled in the auditorium the boys were entertained for two hours with harmonica selections, group singing, drills by the safety patrol and selections by both the American Legion Drum Corps and the American Legion Casti Corps.

At the conclusion of this impromptu program the boys proceeded to the basement of the building where they were served with the usual refreshments.

The calling off of the parade and the forced postponement of the meet was a great disappointment to the boys. Each district had arranged what the leaders considered an attractive and winning display. But the rain prevented the parade and the meet.

There will be a meeting of the general committee this evening in the rooms of the Young Men's Association to decide in which manner to conduct the athletic events and when they shall be held. The meeting will convene at eight o'clock.

PLATTER SUPPER

The platter supper which the Mothers' Association will enjoy Wednesday evening, on the occasion of its last meeting of the season, will occur in the high school cafeteria at 6.30 o'clock.

CADETS MINSTREL SHOW

The American Legion Cadets will sponsor a minstrel show May 17th, in St. Mark's school hall. The minstrel troupe will consist of members of Burlington County Legion Band. There will also be three specialty acts.

A mother and seven children, one an infant five days old, were forced to flee in their night clothes over the roof of their home to that of a neighbor yesterday morning, when fire was discovered in the kitchen of their home.

The blaze was at the residence of Anthony Angelo, 311 Wilson street, and it was making rapid headway when the Bristol Consolidated Fire Department was called at about seven o'clock.

Entering the house the firemen were advised of the presence of the mother and her children on the second floor. The house was filled with smoke and the kitchen was beneath the room where the mother and her infant lay in bed.

The firemen assisted the youngsters and Mrs. Angelo and her baby out the rear window, over the roof to a window of the home of Robert Hems, where the family was given shelter until such time as they could return to their own home.

The blaze in the Angelo kitchen is believed to have originated from an overheated flue. The flames quickly spread licking the painted walls of the room and had gone all the way across the room.

The fire was quickly extinguished by the firemen and it is considered very fortunate that the response to the call for aid was so promptly answered. Had it not been, it is believed the family would have had a very narrow escape, trapped as they were on the second floor. Anthony Angelo, the father, had gone to his employment and the mother lay helpless in bed, unable to aid her frightened children.

Miss Peterpaul's Betrothal To Augustine Asta Announced

The engagement of Miss Mary Peterpaul and Augustine Asta was announced Saturday evening by Dominick Giagnacova, at a party at the home of Miss Peterpaul, Brook street. Miss Peterpaul and Mr. Asta received many gifts in honor of the occasion.

A delightful evening was spent dancing to the strains of the radio. Several specialty acts took place during the evening. Anthony DiMeco gave a tap dance; mouth organ selections, Joseph Bandini; vocal solos, Michael Delisio, and Mrs. Edward Tomasso. Refreshments were served.

The guests: Mr. and Mrs. Edward Tomasso, Mr. and Mrs. Dominick DiLisio, Mr. and Mrs. James Poteno, Mrs. Mary Peterpaul, Mrs. Julia Zanni, Antoinette Peterpaul, Josephine DiLisio, Virginia Zanni, Millie Castor, Virginia Prinzi, Lucy Puezulla, Mary Pone, Marie Peterpaul, Susie Pico, Mary DiPento, Mary DiNofrio, Rose Pico, Fannie Peterpaul, Millie Barbeta, Anna Belle Manzo, Anna Denny, Mary Pone, Marion DiRocco, Anna Tulio, Elizabeth Asta.

Mr. and Mrs. John Rago, Mr. and Mrs. Charles DiAngelo, Mr. and Mrs. Charles Spezzano, Mrs. Christine Peterpaul, Mrs. Angelina Pone, Mrs. Rose Manzo, Mr. and Mrs. John Cordisco, Mr. and Mrs. Anthony Macciozi, Mr. and Mrs. Pete Iannucci, Mr. and Mrs. Joseph Bandini, John DiLisio, Albert Mancini, John Moquet, Nelson DiLisio, Anthony DiMico, William Centofant, Eugene Marozzi, Nicholas Rago, Eugene DiLisio, James Rocco, Nicholas Palifico, Anthony Fusco, Dominick Giagnacova, Michael DiLisio, Anthony Tulio, Theodore Tosti, Connie Peterpaul, John Asta, Augustine Asta, all of Bristol; Antoinette Peterpaul and Sue Paul, New York.

HIT BY BAT

John Silvi, Tullytown, was struck by a portion of a baseball bat while watching a game between the Young Italians of this borough and a nine from Tullytown yesterday. The bat, while in the hands of a batter, broke, one end striking Silvi on the right side of the head. Stitches were taken in the wound at the Harriman Hospital, and the injured one returned home.

LEAPS INTO RIVER

Philadelphia, May 8.—The cold waters of the Schuylkill River early today cooled the suicide intentions of Byrnes Myron, 18, who swam ashore after changing his mind about ending it all because a girl spurned his love. Myron leaped into the river from the Mammyunk Bridge. "I intended to swim around until I was exhausted and then sink," he told police. "After I had been in the water some time I changed my mind." He was arrested by a policeman who met him as he walked from the water about a mile down stream from the scene of his leap. "My girl turned me down," he explained.

CAUSE FOR OPTIMISM

It would be a mistake to attach too much importance to the official statement on the results of the debt conferences between Premier MacDonald and President Roosevelt.

The guarded nature of the statement itself indicates this. In addition, it is well known that such official statements customarily are of an optimistic nature, whether or not this be justified by the accomplishments. The Washington statement, while asserting that "the basis of a clear understanding of the situation" had been reached, emphasized that "it would be wholly misleading to intimate that any plan or any settlement is under way."

The general atmosphere that surrounded the conferences, however, is not to be ignored in estimating the results achieved. There was apparent a desire on the part of the two principals to pave the way to a final settlement of the long vexatious question. Each realized the vital importance of this to world recovery. Many important related problems were involved, however, and it was not to be expected that these could be disposed of in a few hours' discussion. The Washington talks were intended to constitute only an approach to the main objective—restoration of economic stability throughout the world. The debt question was only one phase of the big problem.

Further conversations, the official statement said, will be carried on in London and Washington.

The agreement reached by the President, Mr. MacDonald and Premier Herriot for the world economic conference to begin in London on June 12 is another indication that the Washington talks were satisfactory generally and may be regarded as marking progress. Unless the outlook for a debt settlement were encouraging, an agreement upon a definite date for the economic conference would have been unlikely.

There is no doubt that obstacles to a final settlement remain to be removed. Real cause for optimism, however, seems to exist. With the nations affected honestly trying to arrive at an agreement, the task ought not to be impossible of accomplishment.

YOUNG CRIMINALS

Some distressing facts are contained in statistics compiled from fingerprint cards in the files of the United States bureau of investigation. The wide prevalence of crime among youths is the most shocking revelation.

According to the statistics, one out of every five criminals whose record is in the bureau is under 21 years of age. Youths of 19 exceed in number those of any other age group in arrests during the first quarter of the present year.

The most common crime charged to youths was theft of automobiles. Of the total of persons arrested on this charge, 45.8 were of persons under 21 years of age. Arrests for burglary showed that 38.8 per cent were boys in their teens.

Another fact to claim special attention was that prison terms have a small deterrent influence upon offenders. About 35 per cent of the persons arrested had previous records in the bureau's identification cards.

Echoes of the Past---

Fires

Bristol responded so effectively on Tuesday, April 25th, when the call went forth for aid to help fight the flames that were making such devastating headway when the house of the late Dr. J. N. Richards was on fire. Edgely, Morrisville, and Fallsington companies were also in evidence, for the explosion of an oil stove made furious headway and fighting the flames was work that demanded quick action. One of the worst fires occurring in Fallsington was on June 23, 1910, when, at three o'clock in the morning, the driver of Koll's bakery, saw flames in the cellar of the lower store, and when the alarm was given, the fire had gained such headway and spread so rapidly that an entrance could not be gained to the building, so attention was directed to the saving of the household goods of the owner, and resident of the property, the late Edward H. Crousdale. The store, general merchandise, then operated by Edward B. Beams, also the postmaster, was soon one mass of flames, and though much of the furniture of the house was saved, everything in the store and the postoffice was sacrificed.

Historic Landmark

The store building, oblong in shape and attached to the house, was built in 1772. Here it was that the late Isaiah V. Williamson, Philadelphia millionaire and founder of the Williamson Trade School, began his first business venture. He was a brother of Mrs. Spencer Buckman, who for years resided on a farm near the village, and later purchased the Mahlon Kirkbride property, where they resided for some time. Mr. Buckman's death occurred at the home of his daughter, Mrs. Charles A. Parsons, Sr., April 25th, 1909, at the age of 94. In a rear room of the store, David

Ritchie for a number of years, carried on the tailoring business. It was no unusual sight to see the men of the village and surrounding sections making their way to this little room where cross-legged and wielding that immense goose, sat the village tailor. Mr. Ritchie often accommodated his customers by going to their homes, when more convenient to them.

The Storehouse

Enumeration of the contents of that storehouse would cause one to become dizzy, but what interested us the most, when little girls, was the flying leap one had to make to land on those immense swinging scales, attached to the ceiling by three ropes, triangular in position. There were times when one was fully acquainted with one's weight, but the thrill of landing on that swinging platform successfully was a feat not to be despised. The door to the storehouse opened on the street and was of convenient height for unloading the merchandise. "Old Charlie," so many recall him, a sorrel and with one hind foot high-tying, a curiosity to the children, was backed and the goods unloaded. He was the property of the late Jacob W. Stackhouse, one-time owner of the store, coming here from Tullytown.

Another Fire

Again the cry of "Fire!" rang through the little village. It was in 1881 that the shops, paint, wheelwright and blacksmith of the late Jacob Watson were found to be on fire. At that time there was no telephoning for help, there were no automobiles and trucks rushing fire-fighters to the scene, and worst of all, there was a water famine. A bucket brigade formed, but was of little avail. The flames, seemingly swallowed hungrily every bit of water thrown on their raging fury. Joseph Brown raced his horse

to Trenton for assistance from the fire companies but on their questioning as regards the water available and finding no encouragement there, they naturally refused to come. The flames leaped across the short distance and caught the house in its way, then raced on over to the barn of the late Andrew Moon, all of which went down before them. Much of the household goods of the Watson family was saved, and a vacant house opened its doors to them. The shops were later rebuilt but not the house. The last blacksmith operating there was Frank Kloppenburg who later tore the shops down and built a residence on the site. Of the three blacksmith shops and two wheelwright shops once doing business in Fallsington, not one remains. Blacksmith shops are valuable as antiquities.

The Old Schoolhouse

For years there had been talk of replacing the old, two-story frame building with one more modern. Taxpayers talked for and against. Action was deferred and the old building continued in service. Then, on February 6th, 1917, the village was again aroused by the shouts of "Fire!" The building was doomed from the beginning, the flames twisting and twirling with fury. Fire companies, under direction of Chief Gikleson, responded to the call for aid as did also companies from Trenton and Morrisville. The quick response of Bristol and other companies probably saved Fallsington from a general conflagration, as the village only had a few hand fire extinguishers and the old structure was in a congested section. Everything in the building was destroyed, including pianos and school furnishings, with a loss estimated at \$10,000, partly covered by insurance. The fire broke out on the second floor about dismissal time and the pupils made their exit in safety and without disorder. Neighboring houses, those of Charles B. Comfort, John T. Fish, sheds of Woolston Watson and Charles M. Headley, also caught fire, but were fortunately extinguished by the fire companies be-

fore much damage was done. This fire settled a dispute among tax-payers over a proposed new building. Plans had been prepared and bids asked for a new building to cost \$20,000.

It was claimed money for the new building would not exceed two per cent of the assessed valuation, but that which really defeated the bond issue was the statement that in considering a consolidated school, wagons would have to be furnished for transportation, thus incurring an additional expense. Wagons! Thing of it, you who are accustomed to see six or seven buses rolling up the concrete drives and unloading pupils from all over Falls Township. The days of consolidated schools have long ago made their appearance and the school house, of brick structure, once considered adequate for a number of coming years, has had to have additional rooms added. William E. Krah, who married Miss Bertha B. Richards, daughter of Dr. J. N. Richards, was the last principal in the old building and the first in the new.

PERKASIE, May 8.—In its rigid economy move the Perkasio Borough School Board, at its meeting last evening, cut the school tax rate for the coming year from 18 to 15 mills. This is the second time within two years that this municipality has enjoyed a reduction in its school tax rate. The year previous the tax rate was sliced from 21 to 18 mills. The per capita tax this year will remain the same at \$5.

HOLLYWOOD, Cal.,

Barely more than a newcomer to the screen, Cary Grant is being promoted to character leads, parts such as William Powell, Warren William and a few other seasoned players have monopolized in the past.

News of this bit of good luck came out yesterday when Paramount assigned Cary to play the title role in "Big Executive," the story of a ruthless business man, who got everything he wanted until he set his ambitions upon a girl.

The hero of this Alice Duer Miller serial is unsympathetic throughout a good deal of the story. He is so different from the straight leading man type that Paramount first thought they had to have Bill Powell to do the part. Then they looked at Cary Grant's work in a similar role in "The Eagle and the Hawk" and changed their mind.

Naturally, Cary is elated over the opportunity to play a character with a little iron in him. And just to insure that there will be iron, Paramount has hired Laurence Stallings to make the adaptation.

One of the better stories of the week is told by Louis Calhern.

Some years ago, when the actor was playing in a small town, a would-be Warfield got back to his dressing room and insisted on going into a recitation.

When it was over, Louis told him kindly but firmly that he had no talent and that there was no chance for him in the theater.

Next year Calhern played the town again. At the stage entrance a dapper fellow hailed him: "You don't know me, do you?"

Louis shook his head.

"Last year," said the fellow, "you told me I had no talent for the the-

atre." His chest swelled. "Now I'm head of my dancing class."

HOLLYWOOD PARADE.

After spending several days with her friend, Mrs. Viertel, the elusive Greta Garbo slipped away for a day's stay at Santa Barbara. She is back in town again and is considering three houses, all of them in Brentwood, where she lived before her departure.

Rather dramatic, the story of how Harry Green came to play the tragic Jewish tailor in the new De Mille picture, Harry used to play comedy on the screen. But De Mille remembered him in "The Music Master." He sought Harry for "This Day and Age" but the actor's salary was too high. Fearing to set a precedent, Harry was afraid to cut it for the one part. On the other hand, he was keen for the chance to do serious acting. Finally he and De Mille had another conference. Harry accepted the part but stipulated that his salary be only \$1 a week.

Douglas Fairbanks, Jr., not only took Katharine Hepburn to the Yedehi Menahin concert, but the two went dancing the other evening at the Beverly Wilshire. Neverthe-

less, young Doug will be leaving soon for two weeks in New York and a trip to Italy and Africa. To make the voyage, he turned down a chance to play the masculine lead in "Little Women."

He has four unreleased pictures and he wants time to rest and to finish his novel. If plans go through, Leslie

"MARY FAITH"

by Beatrice Burton

CHAPTER XXXV

The nearest telephone was in the drug store just around the corner on River Street. Mary Faith rushed to the evil-smelling little booth and gave Dr. Thatcher's number.

While she was waiting for him to answer she heard Kim's voice, his slow deep voice that was like no other voice in the world. He was talking to some one in the prescription room just behind the telephone booth. And before she had finished talking to Dr. Thatcher, Kim walked past her to the front of the store.

"Good-bye," she heard him call to some one behind the partition, and a girl's voice answered.

"Good-bye. See you later."

Mary Faith watched him go out.

Then she heard the familiar sputter of his roadster. She opened the door of the booth and stepped out. Behind her, in the prescription room, she could hear a girl humming. She hurried into the lamp-starred darkness of River Street and turned toward home. Her thoughts were where her heart was at that moment—in the flat with the baby. At the moment jealousy and heartbreak and suspicion were trivial things in the face of his illness. The very word "convulsion" was so terrifying.

She reached the door of the apartment building just as Kim came around the corner from the garage. "Where have you been?" he asked, waiting for her to unlock the door.

"Same place you were—at the drug store," she told him, with a flash of bitterness.

She ran up the stairs ahead of him and through the flat to the bathroom where Mrs. Farrell had the baby in a tub of hot water. She did not think of Kim again until eight o'clock, when the doctor had gone and she was sitting beside the baby's crib, watching his regular breathing.

Then Kim came to the door of the bedroom and beckoned to her. She did not move, merely looked up at him thoughtfully.

"Kim," she said at last, getting up from her chair. "I saw you in the store tonight, and I heard you in the back room, talking to that girl. Carry on an affair in the back room of a store—"

"Oh, for goodness' sake!" Kim interrupted, with a groan. They were in the dining room now, and he sat down beside the table, shaking his head. "What are you trying to do, Mary Faith? Make me confess that I'm in love with a clerk in a store, just because I happened to drop in for a book or a pack of cigarettes every now and then?"

"He got up and stood in front of her."

"What's the matter with you?" he asked.

Mary Faith shook her head. "Kim, you were in the back room of that store."

"Well, what if I was? I was sitting back there talking to Jim and that girl clerk. That may be a crime in your eyes, but that's what I was doing."

Jim, Mary Faith knew, was the proprietor of the store. She had not heard his voice as she stood in the telephone booth, but that did not prove that he had not been there, and she wanted to believe that he had been there. She wanted so desperately to believe that nothing was wrong—that Kim had no interest in that pretty blond girl.

"You've been away from home so

Mary Faith watched him go out.

much lately," she said, looking up at him.

He raised his thick level eyebrows. "I've been working hard lately, Mary Faith, and you know it. I haven't bothered you with all the details. I thought, if I told you that I had to go out and stay late occasionally, you'd understand. I never dreamed that you were torturing yourself like this."

"But I was," she blurted out.

"Kim, how could I help it, when I saw you smiling at that girl that night when we were in the drug store? And lately you've been going out every night and staying so late—"

She was crying now, and her face was drawn and white.

"Kim, I shouldn't go to pieces like this." She knew that he hated to see her cry. He was looking at her with an expression of actual dislike in his eyes. "But I can't help crying. If you only knew how sick the baby's been tonight—and you weren't here—and, Kim, I've been so jealous and unhappy the last month or so."

"I don't see why you should be jealous," he said.

"Any woman who loves a man is jealous when he seems to be interested in some other woman. Of course, I know you love me and the baby—"

"Well, then, what are you having hysterics about?" He spoke briefly and brutally. Then he went on in that same hard, angry voice. "Now, let me tell you something, Mary Faith. If you'd cut out the grief and meet me at the door with a smile now and then, you wouldn't have to worry about me and other women. If I don't follow you around like a shadow all the time, it's your own fault! You hadn't figured it out that way, had you?"

He picked up his hat and went out. The door slammed behind him

Mary Faith stood where he had left her, wringing her hands in genuine pain at the unfairness of the things he had just said to her. She knew that they were unfair and untrue—and yet she felt that somehow or other she had failed him. It was her job to hold him, and she had failed. She knew that what he demanded from life was gaiety and good cheer, and that when he didn't get what he wanted at home, he looked elsewhere.

"But how could I laugh when the baby was sick?" Mary Faith went on thinking, and the more she thought the more angry she became. "And how could I smile when Kim came home after an evening with that girl—smile and pretend that I didn't know where he'd been?"

But surely there must be men who didn't look for amusement and love-making all of the time. There must be husbands who shared the burden of illness and anxiety with their wives. Men who realized that marriage and children and home-making aren't all "beer and skittles," as Mrs. Puckett would probably have expressed it.

Kim was like a spoiled boy, Mary Faith decided. There was no use in talking to him; the thing to do was to stand by and wait for him to grow up.

He did not come home that night. The next morning she telephoned the office. Mr. Farrell had come in a few minutes ago, the telephone girl told her, but he had gone out again.

He was safe then.

"Safe and sulking," said Mary Faith to herself. She wondered where he had spent the night, and decided that in all probability he had gone downtown with Jack Maldon.

The Comforts of the American Home

IT IS a well-known fact that, home for home, the American household has more comforts and conveniences than that of any other nation.

In foreign lands the modernized dwelling is found only in the better sections of the larger cities.

In America, even in remote rural districts, you find the radio, the vacuum cleaner, washing machines, up-to-date heating systems, telephones and numberless labor-saving appliances.

There is a well-kept look about residence, store or outbuildings with an atmosphere of prosperity and content.

Did you ever stop to realize why this is so; how this condition was brought about?

It is largely due to advertising. And a big share of the credit belongs to newspaper advertising.

Stop and think how many of the foods you eat, the things you wear and other articles entering into your every-day life, you first heard of through newspaper advertisements.

You will then realize what a part they do play, or should play, in your daily life.

Read the advertisements in the newspapers regularly, and thoroughly, if you are not already doing so. They mean more to you than you can tell.

It pays to read all advertisements in this paper

CURLS, FRIZZES AND BANGS MARK LATEST OF HAIR DRESSINGS

By Alice Langelier

(I. N. S. Staff Correspondent)

PARIS—(INS)—Every chic woman has a curl these days, but it's not in the middle of her forehead. In fact, the very latest coiffure seen in the capital has a whole row of them running up the back of the head like an ancient Roman helmet. The locks are heavily pomaded and brushed back flat against the head. The semi-long hair is curled and arranged in a narrow crest reaching from the nape of the neck to the crown. Naturally, this will be popular mainly for evening wear, for that new spring hat would play havoc with it.

Side frizzes have appeared on the scene again after several decades of absence. They come in disorderly array on each side of the ears, ready to be pulled out below the narrow hat brims for spring.

The old American bang is also back again, curled in ringlets high above the eyebrows.

Antoine is showing a new coiffure combed high up in the back, the locks which were barely long enough to roll against the neck becoming a mop of unruly ringlets which conceal the ribbon string that ties them into place.

Another shows a swirl of curls over the left eye and still another features the center parting with curls practically everywhere save along the part.

Lavender is not new as a tint for the hair but it has lately come to the fore to share honors with the palest imaginable green, both covering any tendency to yellow streaks in white or gray hair. Pale gold tones vie with bronze.

IN METROPOLIS

Mrs. North, Lafayette street, was a Saturday sight-seer in New York City.

WHITCOE'S AWAY

Mr. and Mrs. George Whitcoe and family, 833 Garden street, spent the week-end in Phoenixville, where they visited Mr. and Mrs. Howard Shaeffer.

HOLLYWOOD, Calif., May 7.—If I could only live my life over again, knowing what I do now.

You've heard dozens of people say it. Now you're going to see a motion picture story about a man who actually got the opportunity.

Ben Hecht was the person who had the original idea for such a film. He submitted it to Metro-Goldwyn-Mayer and Edgar Selwyn immediately saw its possibilities. Within a short time he was on his way to New York to confer with Hecht.

The result of their labors is an almost complete script which Selwyn has just delivered to Harry Rapf.

They'll call this modern fantasy "Turn Back the Clock." M-G-M is planning to give it an all-star cast, and Selwyn expects to start shooting in about three weeks.

Due to its unusual nature, the production is exciting much comment in Hollywood.

Take it from Colonel W. S. Van Dyke, the Eskimos he brought down from the north are very little impressed by their visit.

The other day he saw one of them examining a plough on the back lot at the studio.

With a grunt, the Eskimo turned away. "White man make very bad sled," he said, "only one runner."

HOLLYWOOD PARADE.

Though the contract has not been signed, it is practically set for Wallace Beery to remain at Metro-Goldwyn-Mayer. He'll be teamed with Marie Dressler again in the Hungarian play, "Ferkie as Guest." Before this picture, Wallie will take a European vacation. He leaves in June with Mrs. Beery and the little girl.

Radio engagements will delay Ed Wynn's arrival in Hollywood.

Instead of this month, it may be July before the giggling comedian reports on the Metro-Goldwyn-Mayer lot. . . . Mae West hears that a New Jersey skipper has just named a river boat after her. . . . And Mae Clarke, out of the doctor's care again, was Coconut Grove the other evening at Arthur Jarrett's table. . . . The friendship of Katharine Hepburn and Douglas Fairbanks, Jr., is progressing. The two of them went to hear Yehudi Menuhin's concert at the Philadelphia Auditorium. Incidentally the Hepburn lass is turning down the autograph seekers. . . . Marlene Dietrich with her daughter, Maria, and Josef Von Sternberg were other film celebrities who paid tribute to the child prodigy of the violin.

"Alice in Wonderland" may never be made by Mary Pickford. I would take Walt Disney one year to complete the drawings for the satire and Mary wants to get off the screen before this. . . . Hollywood stars almost got to give Bing Crosby a surprise birthday party. Dixie Lee planned it, but Bing found out and asked her to call it off. He had tickets for the fights. . . . Jack Oakie will be given a whole chapter in Perry Joyce's new book about Hollywood. . . . Talking to M-G-M officials over the wireless distance telephone yesterday, Irving Thalberg said he is in excellent health and will be leaving Germany in about a month.

The Sol Lesser version of the S. M. Eisenstein picture, "Que Viva Mexico," was shown to several followers of the Russian director and elicited protests. Committees are being formed, but they will without legal recourse as Upton Sinclair and his associates are recognized as owners of the film.

Terror Over—McMaths Smile

Broad smiles are now in order in the McMath family. The happy smiles of a mother and father, thankful that their child has been restored to them unharmed, and the contagious smile of little Peggy McMath herself, relieved from the ordeal she endured in the hands of her kidnapers. This picture was made at the Coast Guard Station at Woods Hole, Mass., after the story of the child's return had leaked out. A ransom of \$80,000 was paid to the kidnapers.

ELKS BOWLING LEAGUE OFFICERS IN SESSION HERE

Officers and directors of the Elks Interstate Bowling League met over the week-end at the local Elks club to elect officers for the ensuing year and discuss matters pertaining to summer activities of the members.

John Coyle, Reading, was elected president; Daniel Allerton, Norristown, first vice-president; Fred Kenyon, Bristol, second vice-president; Raymond Grimer, Pottstown, secretary; A. R. Bloom, Chester, treasurer; John H. Wiesner was selected as chairman of the annual league picnic, which will be held this year on July 30th on Burlington Island.

After the business session the 15 visiting members were served a delicious dinner by Steward Al. Leach and William Seibold, and later taken for a cruise on C. W. Winter's yacht up the Delaware and back.

Among the visitors were William Moyer, Pottstown; George Kirk, West Chester; Elmer Jackson, Coatesville; James Waber, Philadelphia; J. Alfred Howard, Chester; Charles Moser, Norristown; Charles Broome, Reading; Daniel Allerton, Norristown; Raymond Greiner, Pottstown, and A. R. Bloom, Chester.

CORNWELLS AGAIN GETS WINNING STRIDE; 11 TO 10

(By H. States)

Cornwells again reached their winning stride and defeated the strong Langhorne Colored Giants by the score of 11-10. A hitting spree in the 6th inning netted the local lads a total of 6 runs while a belated rally in the 9th gave the Giants five markers.

With the tying run on third, Dean forced Pearson to ground to the box and then tossed the spheroid to Sullivan for the final out. The Giants scored all their hits and runs in the 2nd, 7th and 9th innings. Dean pitched a nice game although he was in a little trouble in the final chapter.

For the locals Tomlinson and Lingerman each slugged 3 hits while A. Bowman connected for a round tripper. Else and H. Thompson were the leading stickmen for the visitors. Gleason played a wonderful game on the field, taking many hard chances.

To date the Cornwells team has made a total of 64 runs in 4 games, and has won three of the 4 played.

INDEPENDENT BALL SEASON IN FULL SWING

Independent baseball of Bristol and vicinity went into full swing yesterday and resulted in several victories for Bristol teams.

At Emmie, Howard Black's Emmie A. A. team nosed out the North Phillips Gray, 5-3. The Emmieites out-hit the visitors eight to six and won the game in the sixth inning when Leon Comly, burly third sacker crashed a double with two men on base. Comly was credited with three hits during the afternoon. "Fay" Still's fielding stood out for the winners while the hitting of Henne and fielding of Herz was the losers' best.

At Fergusonville, the Hibernians, of the Bristol Twilight League, blanked the Fergusonville team of the Bristol Suburban League, the final score being 8-0. "Jojo" Roe, youthful shortstop of the winners, excelled with the stick, getting four hits. John Dougherty, was a close second with three singles. In all, Fergusonville could only get four smacks from the delivery of Joe Snyder.

At Parkland, Parkland A. A. trounced the Fox Chase nine, the count being 14-4. The winners made eighteen hits while Fox Chase made but four. C. Moll hurled the entire game for the "Parkies" and did excellent work.

On St. Ann's field here, the Jefferson A. C. took a 11-6 drubbing from the Jasper A. C., of Frankford.

The visitors piled up a 10-0 lead in the first five innings before the Bristol boys could dent the pentagon. The locals rallied in the closing innings to chase White from the mound, scoring five runs. Metzger relieved him and squashed the rally. Harry Tomlinson's three-bagger with two on base was the bright spot in the local's defeat.

On Leedom's diamond, the Lafayette A. C. continued their winning streak, beating the Shamrocks, 25-5 in a one-sided fray.

Lafayette would like to hear of teams in this vicinity for games. If interested, get in touch with V. Arcolesse, 915 Wood street.

THE HURLERS THIS SPRING!

The amazing predominance of low-hit games and pitching duels this spring has caused no end of discussion in baseball circles. Has the ball been changed, or was the cold weather to blame? I certainly think that the ball in both leagues is very noticeably less lively than it used to be. The Jack-rabbit seems to be dead.

The question remains whether this is a good thing for the game. A lot of people seem to think that the rabbit ball made a farce out of baseball, and that the fans had grown tired of slugging orgies and countless home runs. According to these critics, the thrill of the long hit and the home run is eliminated by their too frequent occurrence.

These critics say that when too many circuit smashes are hit, the home run becomes cheapened and loses its big appeal. Then, too, the speedy, scientific type of game produced by the less lively ball is said to have more interest to the fans

than a mere contest of slugging power between two teams which play nothing but "power baseball."

However, for my part, I think at least as much can be said in favor of the old lively ball as can be charged against it. After all, the punch is the thing that has the biggest appeal to the ordinary fan, whether in baseball or any other sport. It cannot be forgotten that the home run craze inaugurated by Ruth certainly put many a thrill into the game that was lacking in the days of the old "Hitless Wonders." After all, the era of the lively ball was the period of baseball's greatest prosperity.

The low-score, scientific type of game probably appeals more to the real scientific students of the game, but the average fan still likes the old smackerino, and the fine points of baseball strategy are lost on at least a portion of the crowd at any game.

The argument for the lively ball

that seems strongest is the element of uncertainty that it introduces in a game. When you have low-score baseball, if a team gets a 3 or 4-run advantage early in the game the contest is over, to all intents and purposes.

With the dead ball, a two-run handicap is a very difficult obstacle to overcome. With the lively ball, a two-run advantage doesn't mean a thing. A sudden batting splurge will change the whole complexion of a seemingly one-sided game in the space of an inning.

Remember, too, that one of the greatest thrills of recent baseball history was that famous inning in the World Series several years ago when the Athletics—apparently hopelessly beaten—scored nine runs in one frame to win the game! What a kick the fans got out of that! And the deadened ball will make such outbursts of slugging a practical impossibility.

James Cagney Here For Two Days in "Hard to Handle"

How publicity and advertising pull the strings that govern modern America is told with humor, gusto, and brilliant acting in James Cagney's latest Warner Brothers-First National picture, "Hard to Handle," which comes to the Grand Theatre tonight and tomorrow night.

The picture, incidentally, is Cagney's first work since his recent return to the screen, after several

months' absence. It is his best work, since "Public Enemy," although an entirely different sort of story. The former was tragedy, "Hard to Handle" is the most waggish lampooning of American false fronts that has ever been attempted upon the screen.

This great comedy is motivated around the publicity methods and advertising which practically run the country today. The dance marathon, giant treasure hunts, changing a cold cream which "won't rub in" into a reducing compound which rolls off fat, then getting a well-known society leader to endorse it, taking a doctor's degree at a university for building up its financial structure, rolling up millions out of a citrus fruit which no one would buy, much less eat, before it was "discovered" that it took off weight—these are only a few of the legitimate rackets of young men with promoting ideas which James Cagney promotes as a high pressure "public relations" counsel.

Cagney's own work is said to be excellent; but it is almost equaled by that of Ruth Donnelly, a newcomer to the screen from the George M. Cohan Theatre in New York. And Mary Brian has the best role of her career. Miss Donnelly plays Mary's mother and Jimmy's best friend and severest critic—a role bristling with wisecracks and full of side-shaking action. Mary plays Jimmy's girl—with him when he is poor, holding him off when he is "in the dough"—forgiving him magnanimously, in the end, for the one thing prospective bridegrooms are not generally forgiven.
